Boyd's Crystal Art Glass

John Degenhart started Degenhart Crystal Art Glass in 1947 producing many glass items with the first Salt being the Star & Dewdrop Master in 1952. After John's death in 1964 his wife Elizabeth took over the business and ran it until her death in 1978. The business and equipment were then sold to Bernard C. Boyd and his Son Bernard F. Boyd, thus started Boyd's Crystal Art Glass. The Boyds have continued the tradition of quality hand pressed glass at the same location in Cambridge, Ohio since that time.

The following marks may be found on the Open Salts as indicate in this list.

Colors: Boyd colors are currently available on the chicks at www.boydglass.com

(This information updated as of October 1, 2009 with information available at that time)

Item: Chick Salt (Original Degenhart Mold)

Reference: H&J 968

Size: 2 1/2” Long, 2” Wide, 2” High

Remarks: Introduced by Degenhart in 1966 and marked with D in Heart starting in 1972. Continued in production by Boyd's with their marks as indicated by 5 year periods. Some marked with Signature mark starting in July 1997. This type mold has been produced by many prior to and since, however it should be noted that the chick is looking straight ahead and not turned like similar pieces by other manufacturers.

Colors: See attached list (Also made with Signature Mark)

Item: Bird Salt (Also called Bird with Cherry or Bird with Seed) (Original Degenhart Mold copying an old design)

Reference: H&J 998

Size: 3” Long, 1 7/8” Wide, 1 3/4” High

Remarks: Introduced by Degenhart in 1958 and marked with D in Heart starting in 1972. Continued in production by Boyd's with their marks as indicated by 5 year periods. This type mold has been produced prior to and since. Produced by Kanawha Glass and current imports. Kanawha has a flatter back to head and larger beak that goes up over the seed and also has a wobble like to breast. Some imports are poor quality, however I have seen some that are nice.

Colors: See attached list
